**Title: INTRODUCTION TO DATA PRIVACY ACT AND CYBERSECURITY**

**Speaker: ENGR. FRENZ JEFFREY C. BOLINGKIT**

**Date: March 30, 2021**

The BSIT-4A hosted a webinar on March 30, 2021 entitled Introduction to Data Privacy act and Cybersecurity. The webinar started at 9am with opening prayer then the host introduced their speaker Engr. Frenz Jeffrey C. Bolingkit. The speaker started the session with Data privacy. He is comprehensive about data privacy and even gave some tips to avoid our data to stolen or hacked such as securing our websites and being aware of the possible hacks like phishing, malware and many more. The speaker then lectured on cybersecurity. He deliberately taught us how to identify such attacks like malicious malware or possible scam emails. The last part of the webinar then he entertained some questions and also he questioned one of us to assess if the participants did learned from the said webinar.
